## WOW TICK! TICK! TICK ALL YOUR BOXES

Its rare that a property comes up that ticks as many boxes as this does. This large family home has five, good size bedrooms. One of the bedrooms has been converted to an office but can easily convert back. Four of the bedrooms are located upstairs; main bedroom has ensuite, walk in robe and storage cupboard. There is also a trio bathroom on the same floor meaning separate bath with vanity, separate shower room, separate toilet and extra vanity in the exit area. The third bathroom is downstairs next to the fifth bedroom. On the lower level you will also find separate lounge, formal dining area, kitchen dining area and large air conditioned family room.

This has been designed with the entertainer in mind having the kitchen/dining opening into a fully screened area complete with a water mist, cooling things down instantly while you swim in the pool.

Cars, boats and vans have all been thought of, having their own wash station. Beautiful gardens and sitting areas are scattered throughout the grounds and kept lush from the bore. Lots more features, this is a must see.
